Dear Mr. Prieto

I hope you are well. I very much admire you picture of my father, Randle. it is very beautiful. I also like you book of paintings and drawings. My favorite is tribute to Keats. Federico García Lorca and Miss Clarissa Churchill are very nice too. I like portrait of a spanish Lady. My best friend is Spanish, and her father is the Spanish ambassador in Morroco.

Are you by any chance going to show your paintings in London, because I would love to see them, and I am
